TABLE OF CONTENTS

Test Case Template

For each test, the <u>developer</u> should: provide a test description, a test objective, the developer name and date tested. For each step, fill out the actions to be taken and describe the expected results, and indicate yes or no for each step depending upon the result. The <u>peer tester</u> should provide their name, date tested, indicate yes or no for each step depending upon the result, and a screenshot (thumbnail) of the result.
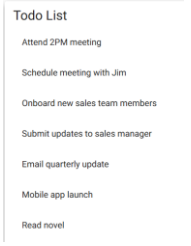

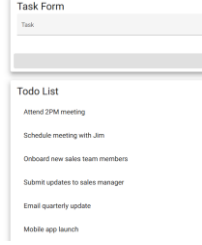

Test Case Template

Test 1	**Add Multiple Todo Items**			
	Test Objective: Verifies input data meets requirements	**Developer:** **Date tested:** <2025/06/19>	**Peer tester:** Keanu Foltz **Date tested:** 2025/6/20	
Step	**Action**	**Expected results:**	**Developer pass/fail**	**Tester pass/fail** **+ Screenshot**
1	Open Todo Website	Homepage loads without errors	Yes	Yes
2	Enter "Call Mom" into input field and click "Add"	"Call Mom" is added to the list	Yes	Yes
3	Enter "Finish Homework" and click "Add"	"Finish Homework" is added below "Call Mom"	Yes	Yes

|				Todo List Attend 2PM meeting Schedule meeting with Jim Onboard new sales team members Submit updates to sales manager Email quarterly update Mobile app launch "Call mom" Finish homework
4	Confirm both items are visible and properly listed	Both items are displayed in the correct order.	Yes	Yes Todo List Attend 2PM meeting Schedule meeting with Jim Onboard new sales team members Submit updates to sales manager Email quarterly update Mobile app launch "Call mom" Finish homework
Comments	All listed inputs do work with the Todo site, but it does take a second to populate the results.			

Test 2	**Edit a Todo Item**			
	Test Objective: verify that actions can be edited	**Developer:** **Date tested:** <2025/mm/dd>	**Peer tester: Keanu Foltz** **Date tested:** 2025/6/20	
Step	**Action**	**Expected results:**	**Developer pass/fail**	**Tester pass/fail**
1	Navigate to the site and add item "Read book"	Item is added to the list	Yes	Yes Todo List Attend 2PM meeting Schedule meeting with Jim Onboard new sales team members Submit updates to sales manager Email quarterly update Mobile app launch Read book

2	Click the "Edit" icon next to the item	Input field becomes editable	Yes	Yes
3	Modify the action to "Read novel" and save	Item updates to "Read novel"	Yes	Yes
4	Refresh the Page	Item disappears when page is refreshed	No	Yes (item disappears)
Comments	Items do edit as long as you do not refresh the page. If the page is refreshed then the added items disappear.			

Test 3	**Prevent Duplicate Todo Items**			
	Test Objective: Verify that duplicates can not be added	**Developer:** **Date tested:** <yyyy/mm/dd>	**Peer tester: Keanu Foltz** **Date tested:** 2025/6/20	
Step	**Action**	**Expected results:**	**Developer pass/fail**	**Tester pass/fail**
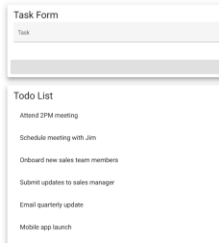

Test Case Template

1	Add task "walk dog"	Task is added to the list	Yes	Yes
2	Try to add "walk dog" again	System added "walk dog" again	No	No (duplicate added)
3	Refresh the page	Both added results disappear	No	Yes (both dissappear)
Comments	It seems that the issue of refreshing the page and the results disappearing will be a consistent problem.
